WHO WE ARE – GHOST GAMING LAUNCHPAD

**Game development
talent accelerator
under Ghost Gaming**

**Focused on helping students and
emerging developers break into
game development**

**Provides mentorship, resources,
real industry exposure, and game
publishing within the UEFN (Unreal
Editor for Fornite) ecosystem**

**Founded and Led by former
executives at Hi-Rez Studios**

**Supports experimentation, learning,
portfolio-building, (and even
potentially \$\$\$) through hands-on
projects**

WHY WE RECOMMEND AND SUPPORT GAME JAMS

Encourages rapid learning, creativity, and problem-solving under real constraints

Help teams practice collaboration, scope management, and finishing projects

Create potential portfolio pieces and talking points for internships and jobs

Foster community, networking, and peer feedback in a low-risk environment

Valuable experience regardless of the engine you use! (UEFN, Unity, Unreal Engine, Godot, etc)

Why We Encourage Some Teams To Use UEFN

Key Advantages:

Industry-relevant tool with growing demand and real publishing potential

Fast iteration and built-in systems let teams focus on gameplay and creativity

Easy multiplayer support and live playtesting during development

Opportunity to explore Fortnite's massive ecosystem and creator economy

Best way to future proof skills and prepare for Unreal Engine 6 (Verse replaces Blueprints)

At Global Game Jam this weekend

All UEFN game teams will get some attention from a Ghost Gaming Launchpad rep

One winning UEFN team per site gets tour of Ghost Gaming campus in Buckhead, lunch with leadership, discussion about industry opportunities!

AND... SAVE THE DATE FEB 20-22

UPCOMING GAME JAM DETAILS

- Ghost Gaming supporting another Game Jam!
- Two host sites: GSU CMII and Spelman

\$4,000 TOTAL PRIZE POOL!

Best Game on Theme (\$2,000)
regardless of game engine used

Best UEFN Game on Theme
(\$2,000)

- ★ Clean up after yourself
- ★ Follow GGJ Code of Conduct
 - No excessive gore, violence, sexually explicit content
 - Credit people

02

Team Building

How to make a team

Ice Breaker

- ★ We'll be spending the weekend together so...
- ★ One minute to **meet** as many people as possible
 - You have to share your name, skillset, and one thing you want to get out of the jam

Team Building

- ★ Don't be afraid to work with new people
- ★ There is no limit to number of people per team
 - We recommend 5-8 people
- ★ Communicate often
- ★ Have a dedicated manager
- ★ Address tension early
- ★ Balance skill sets

General Advice

- ★ Participating in a game jam lets you learn and grow
- ★ Any skills you have can be helpful
- ★ It doesn't have to be beautiful to be fun

Need A Team?

- ★ Stay after the keynote in this room to talk to others!
- ★ Ask other teams if they need people of certain skill sets!

03

Jam Timeline

How to make a finished product

Pre Jamming (Hour 0)

- ★ Check out previous winners
- ★ Bring snacks, food and drinks
 - We have a microwave and fridge
- ★ Bring comfort items for sleeping
- ★ Get your lanyard and keep it with you at all times

Starting Your Jam (Hour 1-3)

- ★ Make a plan at the start
- ★ Work towards your strengths
- ★ Spitball ideas
- ★ Be flexible
- ★ Keep your scope small
- ★ Make a game loop, only keeping essential things
- ★ Work out a rough schedule and to-do list
- ★ Use tools to mark out ideas

During The Jam (Hour 4-40)

- ★ Talk to other teams
- ★ Let others test your game and idea
- ★ Make builds
- ★ Stay organized
- ★ Take breaks
 - Shower, eat, sleep!
 - Activities: Just Dance, Karaoke, and more!
- ★ GGJ Livestream

Finishing The Jam (Hour 40-48)

- ★ Make your final build a few hours early, then refine
 - No grace period on submissions!
- ★ Give credit where due

After The Jam (Hour 49+)

- ★ Judging
 - Best Use of Theme
 - Most Innovative
 - Best UEFN Game
 - Best Overall
- ★ Add your piece to your portfolio, with description of your experience

04

The Theme

Time to start the jam!
